

Brannon Kirk

I have been a full-time resident of Prairie Creek Park since 2009. My wife, Anita, and I were married here in the Park in 2012 and we enjoy raising our 3 children in this rural setting. I am currently employed by Frontier Communications as a fiber technician, installing and maintaining fiber optic-based home and business services for the past 15 years. ***I would like to use this experience and knowledge of what fiber optic-based service could provide to our community to facilitate bringing the service in as quickly as possible,*** to benefit the many of us who are currently unhappy with our internet options. My family has also been heavily involved in scouting for the past 7 years. We currently have 1 boy scout and 1 cub scout, and I currently am the assistant cubmaster for Pack 13 in Punta Gorda! Between my work experiences and scouting experiences, I feel I am very approachable and easy to talk to and work with, and I look forward to helping our community continue to improve for the future!
